

MALACHI MAN™

MODULE OVERVIEW

Welcome to the Malachi Man Module!

Thank you for participating in Malachi Man! We trust God will use Malachi Man to help each of us take the next step into authentic manhood and turn the hearts of fathers and sons toward each other and all toward God. This Manhood Module is specifically for: any father, boys (age 10 – 17 if accompanied by their father or father figure), and single men. Boys, if your biological father is not available to join you, and there is another man, whom you respect, who is willing to join you as your “father figure,” that’s great! We hope everyone will find this module fun, challenging, encouraging and empowering. The more you put into this module, the more you will get out of it. We expect each person to make every effort to attend each session and spend a minimum 30 minutes every week going over each week’s Talksheet. This Module is a 10 week discipleship program that will run according to the following schedule:

WEEK	GROUP MEETING	HOME STUDY GUIDE

Please mark your calendars with each session date and schedule the times when you plan to do your home study. Mark these as “fixed appointments” just as you would a business meeting. You won’t regret it!

More About the Module:

- At the first session, your leader will hand you all 10 Talksheets; one for each week of this Module.
- Please value other participants by arriving on time so we can start promptly.
- There will be small group “Huddles” at each session. If you have a son(s) with you, make sure they are in your huddle. Huddles should be 4-6 guys. Show leadership in these Huddles by being open and quick to respond to the questions on the screen. Encourage quieter guys to share their thoughts as well.
- Driving with just your son (and not carpooling) provides a great connect time on the way home.
- Pray! Spend some time praying for yourself and the rest of the group at Malachi Man. This will make a big difference.

Questions?

If you have questions about your group, contact your group leader. Also, you can visit www.malachiman.com for answers to Frequently Asked Questions (FAQ) such as:

- “I’m just a boy, why should I be concerned about manhood or fatherhood?”
- “Why should I learn about fatherhood if I don’t have any kids?”

We are excited about this 10 week journey together and anticipate lasting results. Thank you for your part!

May God use Malachi Man to turn the hearts of the fathers to their children and the hearts of the children to their fathers and all to the father heart of God, in our homes and across this land! (see Malachi 4:6)
